

Hampton Park Christian School

2019-20 Do Not Publish Form

Hampton Park Christian School may include photos of students, teachers, and school activities on its website, social media pages, and in school promotional materials. Though the names of faculty, staff, and administration will regularly be published, it is our general practice that the full names of students will not. Occasionally, it may be necessary to publish the first name of a student, but no last names, addresses, and/or telephone numbers will be used. The only exceptions to the above include

kindergarten and high school graduation, local news articles regarding notable achievements, and the HPCS annual yearbook, when using a student's full name is customary. Under no circumstances will a student's full name be used on the HPCS website.

I hereby **deny permission** to Hampton Park Christian School to publish in print, electronic, or video format the likeness or image of my child for **HPCS promotional materials, the HPCS website, and school social media pages**. I do understand that school programs, graduations, and other school-wide events may be livestreamed and that my child will be part of that live-stream if he/she is part of that program or event.
